Anglesey 18 September

Always a popular dive!

We have arranged a boat charter from Anglesey on 18th September. The plan is that this will be a day trip and we will have a minimum of 2 dives from a charter boat on the day.

The dive sites will be dependant upon weather and tides but will not be disappointing. For those who have never dived off Anglesey before, the area is full of rocks, crevices and kelp beds which provide an insight into the lives of the abundant wild life which live amongst it.

Crew News

Canary Divers are pleased to announce the arrival of their later crew member. Olivia Kate was born on 8 July at 20:40 weighing in at 8lb 3oz. Melanie and Olivia are both doing well.

Many thanks to everyone who has sent cards and wishes and we look forward to seeing you very soon.

Note from the editor: As Melanie has now given birth the competition is on between her and I to regain our former figures (although apparently I had no reason to loose mine), please feel free to bring copious amount of chocolate for Melanie into the shop to help me win.

Latest Supplier News

TUSA Stock

Due to the popularity of our range of TUSA masks, fins and snorkels, we have now extended the range of products we stock from the TUSA (CPS) range.

We have now taken delivery of new 5mm Lynx range of suits from CPS which offer the usual CPS quality combined with extra protection around the elbows and knees. Combined with this, these new suits offer other essentials such as zipped ankles and wrists to ensure that your diving is easy from the moment you suit up to when you de-kit at the end of the day.

Website News

Following on from feedback received from our members and online customers we are extending our online payment facilities. Currently payment is only accepted via PayPal. We are in the closing stages of testing a new secure payment system using recognised secure payment processors protx and streamline. This will add flexibility to online payments with the assurance that your online transactions are secure and hassle free.

Feel free to send any comments or suggestions regarding the website to our website editor at webmaster@canarydivers.com.
