

## Canary Divers Trips

During May Canary Divers organised a number of trips allowing those who joined us to expand their repertoire of dives to include Anglesey, St. Abbs shore diving, St Abbs and Eyemouth boat diving.

The St. Abbs trip included overnight accommodation and an opportunity to get to know each other. The diving scenery was somewhat spectacular; enhanced because all of the dives were within the voluntary marine reserve.

Check out the pictures in the galleries section on the website.

## Members Forum

The club members forum is up and running for all members of the Canary Divers club. Membership costs £50 per year and includes 20 air fills, 10% discount off all shop prices (excludes online store), advance notice of trips and holidays and special club member website functionality.

Other memberships are available to suit your personal needs so why not contact us to arrange your personalised membership and price?

## Forthcoming trips

There are still a few places left for the trip to Gozo in October. If you are interested, contact us at sales@canarydivers.com

Forthcoming trips (register your interest via info@canarydivers.com or via the website):

- West coast of Scotland trip in late July

## Canary Divers Certifications

Canary Divers are pleased to announce their first official certification. Tom became Canary Divers official 'first cert' during May and has since joined us on a number of trips and pleasure dives.

## Looking Forward

We are in the closing stages of arranging a mid week pool session with 'Waves' in Blackburn town center.

Canary Divers are also close to agreeing supplier status for Suunto.

Keep up to date with the latest developments through the website.

## Website News

Following a number of unplanned outages on the website during May we have moved our website to a new hosting service. We are confident that our new supplier will provide a more robust service and enable us to provide the same high level of service online as we do when you meet us personally.

## New Compressor

Canary Divers are pleased to announce the arrival of their new 300bar compressor. Why not try our Faster and Fuller Fills?

## Current Special Offers

Offer Extended! Save £49/course by buying a PADI open water course online.  
Air fills - £2 for any fill during June
